Clarification No. 1

Clarification Request

Question 1: in the Tender Doc it is stated that the Existing projector lenses (ET-DLE085 zoom lens 0.75-0.93:1) have to be compatible with the new projectors - in that case, you can only use Panasonic Projectors, as Panasonic would be the only compatible projector with the existing lenes (ET-DLE085 zoom lens 0.75-0.93:1).

Answer 1: As per Clause 2.6 of Section 3 in the tender document, *'The proposed laser projectors should be compatible with the current lens Panasonic ET-DLE085 zoom lens 0.75-0.93:1.'* However, no particular brand is being sought as long as the offered products comply with all requested specifications.

All other tender documents, conditions and requirements, which are not superseded by this Clarification, remain in place.
